Part1.1-1

There once was a very wealthy king.

- (A) A farmer came along the way. When he got near the stone, the farmer tried to move the big stone. He found the work difficult.
- (B) People named him the king of curiosity. The king found a road, so he placed a huge stone in the middle of it. Then he hid near the road.
- (C) However, he thought himself capable of clearing the big stone and finally succeeded. When he was ready to go on his way, the farmer found an unfamiliar purse lying in the road. He opened the purse carefully. The purse was filled with gold coins, the king's reward.

Part1.1-2

A long time ago, there was a boy who needed help.

- (A) However, day after day, the number of nails gradually decreased. After some time, the boy started to understand that holding his temper was easier than driving nails into the fence. Their suggestions, like those of a wise mentor, worked well.
- (B) He thought of himself as smart, but he often got angry and said hurtful things to his friends, John and Ted. Although neither of his friends wanted to, they finally decided to help him.
- (C) So, they suggested two solutions: "either remain calm, or take a nail and drive it into the old fence." Either of their suggestions was

intended to help the boy manage his anger. Although the fence was very tough and the hammer heavy, the boy was so furious that on the very first day, he drove 37 nails.

Part1.1-3

Among the Roman soldiers who travelled around Europe conquering land for Emperor Nero in the first century A.D. was a Greek doctor named Dioscorides.

- (A) What he loved most was the days he could escape to the hillsides, away from the battle cries, and collect medicinal plants.
- (B) No doubt Dioscorides did his duty in the camp hospitals, tending battlewounded soldiers with the medicines and sharp-toothed saws provided by the military, but his heart wasn't really in it.
- (C) He wrote a textbook about his discoveries, titled Materia Medica. and it has been a useful source of information for botanists, physicians and historians ever since.

Part1.1-4

A good website needs to be solidly planned and well written.

- (A) Properly seen, design and technology serve to make the words work. That's where the message is.
- (B) The goal of the technology component of the site is to ensure that visitors can easily find what they want and navigate the site intuitively.
- (C) Research supports that while visuals entertain, most site visitors-regardless of the industry-value the words far more than the graphics.

Part1.1-5

Last week, I went to the playground to play baseball with my friends.

- (A) People rushed over to stop the bleeding. It took a moment for me to realize how bad things were. I couldn't help crying and started searching for my phone to contact my family.
- (B) On stepping onto the ground, a baseball bat hit me in the face. A classmate accidentally let go of the bat while swinging.
- (C) The impact messed up my nose. I was bleeding so much. It was no use wiping the blood from my nose.

Part1.1-6

Frankly speaking, the day started a bit stressful.

- (A) Having searched everywhere, I finally found them under a pile of books. Looking at my tidy desk, I felt relieved.
- (B) After organizing my desk, I couldn't find some important papers.
- (C) The day progressing, I faced deadlines, and I worked hard to meet them. In the end, the day turned out better than I expected, showing that even when things start off rough, you can turn them around with a bit of effort.

Part1.1-7

Reflecting on my recent trip to Bali, I realize that insufficient planning was my mistake.

- (A) To focus on the positive, I can learn from this experience. If I were to visit Bali again, I would gather a lot of information before my trip.

(B) If I had planned carefully beforehand, I wouldn't be sad and regretful now. Looking back, I can see the problems that arose from my lack of preparation.

(C) If I had taken the time to plan, it might have spared me from missing out on fascinating places. It's like a story where you wish you could change certain things.

Part1.1-8

Tommy was always full of curiosity.

(A) However, he studied harder so that he could better understand the sky's mysteries. Years later, he became a scientist and wrote a paper explaining the color of the sky. Now, he has achieved his dream and is respected by all.

(B) One day at school, he asked the teacher, "Why does the sky look blue?" It seemed like such a foolish question that everyone laughed at him.

(C) Tommy tried to ask why everyone laughed, but he couldn't because his heart was hurt. Since that day, Tommy has hidden his curiosity and lived quietly, always keeping to himself.

Part1.1-9

Jasmine is a type of plant known for its fragrant flowers.

(A) Its flowers are used in perfumes, teas, and as decorations due to their pleasant scent. Jasmine is a popular choice for gardens and landscaping in areas with mild winters, where it can grow and bloom all year round.

(B) The plant is often found in tropical regions. It requires plenty of sunlight and well-drained soil to thrive.

(C) It grows best in warm climates.
