Do you want to travel abroad, but are not sure where to go? Then, think about your travel type. Are you a festival lover, a food lover, or an adventure lover? We recommend three wonderful travel sites in Asia that suit each travel type. If you are into spectacular festivals, how about Loi Krathong in Sukhothai, Thailand? Visit this famous festival of lights and join the Thai people at a river's edge. There, you can release floating lanterns called krathongs while making a wish. This lets you release all your negative energy and welcome good fortune in the coming year. The legend says that if the lantern remains lit until it disappears from sight, your wish will come true. Although Loi Krathong is held throughout Thailand, Sukhothai is the best because it is its birthplace. Sukhothai also holds the biggest celebration in Thailand, which lasts for about five days. In addition to floating lanterns, you can also enjoy beautiful fireworks, learn folk dances, and watch spectacular light and sound shows. We cannot emphasize enough how beautiful the temples and monuments surrounded by bright lights are! The festival takes place on the day of the full moon of the 12th month in the Thai lunar calendar. This usually comes in November in the solar calendar. However, since the exact date changes every year, make sure to check before you head to Thailand.

Sustainable travel means finding a way that tourism can be maintained without harming natural and cultural environments. Travelers need to be more aware of the pollution caused by travel and how that affects nature. They also need to be aware of how tourism affects local people and businesses. The concept of sustainability has three key factors. First, the environmental factor focuses on reducing the negative impact on the natural environment caused by traveling. This includes minimizing pollution from air travel, water use, and plastic waste, and not disturbing wild animals. Second, the social factor is about the impact on local people. This includes preserving and supporting communities of local inhabitants so that they do not suffer from tourism. Travelers should respect local customs and traditions and adjust accordingly, such as by wearing proper clothes in religious sites. Lastly, the economic factor is about using money to positively contribute to the local economy. For example, by booking a local tour guide or staying in local guest houses, tourists can support local businesses.

75) 정답: ④ The legend and ancient folklore

해설: 뒤 문장에서 "if the lantern remains lit until it disappears from sight, your wish will come true"라는 믿음에 대한 내용이 나오므로, 전설과 고대 민담이 이러한 믿음의 근거라는 내용이 가장 적절하다.

76) 정답: ④ chances are high and very likely

해설: 문맥상 긴 줄이 있으면 지파이(닭튀김)를 사기 위한 것일 가능성이 높다는 의미이므로, 가능성이 높다는 표현이 가장 적절하다.

77) 정답: ① that will get your heart pounding with excitement  
해설: 앞에서 모험을 좋아하는 사람들을 위한 도전적인 야외 활동이라고 했고, 뒤에서 구체적인 스킬 넘치는 활동들을 소개하므로, 심장이 뛰게 하는 흥미진진한 활동이라는 내용이 가장 적절하다.

78) 정답: ② the social and community interaction factor  
해설: 앞에서 첫 번째가 환경적 요인이라고 했고, 빈칸 뒤에서 "is about the impact on local people"이라고 현지인에 대한 영향을 다룬다고 했으므로, 사회적 및 지역사회 상호작용 요인이 가장 적절하다.

79) 정답: ⑤ lanterns / good fortune  
해설: 본문에서 "floating lanterns called krathongs while making a wish"라고 하여 떠다니는 등불(lanterns)을 띄우고, "release all your negative energy and welcome good fortune in the coming year"라고 하여 행운(good fortune)을 맞이한다고 명시되어 있다.

80) 정답: ② inexpensive / tourists and residents  
해설: 본문에서 "try local street food at an inexpensive price"라고 하여 저렴한(inexpensive) 현지 길거리 음식이고, "make it popular with both tourists and residents"라고 하여 관광객과 주민 모두(tourists and residents)에게 인기라고 명시되어 있다.

81) 정답: ④ adventure / rappelling  
해설: 본문에서 "For adventure seekers who love challenging outdoor activities"라고 하여 모험(adventure)을 추구하는 사람들을 위한 것이고, "water rappelling"이라고 하여 물줄타기(rappelling) 활동이 포함된다고 명시되어 있다.

82) 정답: ② natural and cultural / economic  
해설: 본문에서 "without harming natural and cultural environments"라고 하여 자연과 문화(natural and cultural) 환경에 해를 끼치지 않는 것이고, "environmental, social, and economic factor"라고 하여 경제적(economic) 요인이 세 번째 핵심 요소라고 명시되어 있다.

83) 정답: ③ positive → negative  
해설: 본문에서 크라통을 띄우는 것이 좋은 운을 맞이하기 위해 모든 나쁜 에너지를 떨어내는 것이라고 설명하고 있다. 따라서 'negative energy(부정적인 에너지)'를 떨어내는 것이 문맥상 적절하며, 'positive(긍정적인)'는 반대 의미로 문맥에 맞지 않는다.

84) 정답: ④ low → high  
해설: 본문에서 사람들이 긴 줄을 서고 있으면 그것이 지파이(닭튀김) 때문일 가능성이 크다는 의미를 전달하고 있다. 인기 있는 음식에는 긴 줄이 서는 것이 일반적이므로 'high(높은)' 가능성이 적절하며, 'low(낮은)'는 문맥상 부적절하다.

85) 정답: ① indoor → outdoor  
해설: 본문에서 캐녀닝이 강 협곡을 따라 내려가는 스포츠로 줌라인, 슬라이딩, 하강 등의 활동을 포함한다고 설명하고 있다. 이러한 활동들은 모두 자연환경에서 이루어지는 '야외(outdoor)' 활동이므로, 'indoor(실내)'는 문맥상 부적절하다.

86) 정답: ④ dismiss → respect  
해설: 본문에서 지속가능한 여행의 사회적 요소로 현지 주민들이 관광으로 인해 피해를 받지 않도록 보호하고 지원해야 한다고 설명하고 있다. 여행자들이 종교적 장소에서 적절한 옷을 입는 등 현지 관습과 전통을 '존중(respect)'해야 한다는 맥락이므로, 'dismiss(무시하다)'는 반대 의미로 문맥상 부적절하다.
